BRITISH SOLDIERS TAKE KEY TO PETROGRAD

LORAIN BANKER IS ARRAIGNED FRIDAY FOR EMBEZZLEMENT

Had But Thirty-Six Dollars When Arrested at Los Angeles While Watching the World Series Score Board—Plead Not Guilty—"I'm Ready to Pay the Price," Says Treble.

Sheriff N. D. Backus, and Detective Lenahan, of Lorain, returned to this city last evening, bringing with them William Treble, defaulting cashier of the Lorain City Bank, for whom a nation wide search had been made.

Treble is under indictment on two counts, both charging embezzlement, one for \$90,000 and the other for approximately \$45,000. The two officers left here nearly two weeks ago after receiving word that Treble had been arrested in Los Angeles after being recognized, and owning up that he was the man wanted.

According to the officers Treble was recognized while standing in a crowd watching the returns in the baseball game. The officer spoke to him and said "Hello Bill." Treble turned around and was asked if his name was Treble. He replied that it was, and was then told he was under arrest. He replied, "Well, I have been expecting it." The arrest was made by Officers Blew and Toomey.

He told Sheriff Backus that the report that he was about to commit suicide was not true, and that he contemplated no such move. When arrested he had but \$36 with him, and was neatly dressed in a new gray suit. He was living in a rooming house, and went under the name of William Johnson.

On arrival here at 9:45 last night he was met by his father, mother and several friends from Lorain. He spent the night at the jail, and this morning was arraigned before Judge W. B. Thompson. He plead "not guilty" to both indictments and asked for bail through his attorney, Chas. A. Adams. Bail was placed at \$20,000 on one count and \$15,000 on the other, a total of \$35,000, that sum being the same amount asked of Walter Davies, jointly indicted with him on the last count. He was unable to give immediate bail, but his attorney stated that he believed it would be furnished before night.

It is said that Treble made the statement that no person was implicated in the defalcation except himself and Walter Davies. The prisoner looks well, and if anything has grown fleshier than he was before leaving here. The date of the trial of the two men has not yet been set as Prosecuting Attorney Findley is out of the city.

Regarding his travels since leaving Lorain, Treble gave his route, naming the various places he visited.

He first went to New London, then to Crestline, where he took the train for Chicago. Later he visited St. Louis, Memphis, New Orleans, Houston and San Antonio, Texas, El Paso and Los Angeles. He went from there to Mecca, and made a trip through Yellowstone Park, then on to San Francisco. Here he took the steamer Queen to Seattle. He visited Tacoma, Everett, and took a lumber steamer to San Pedro, Southern California. He then returned to Los Angeles where his arrest followed.

COMMISSIONS OF ARRESTED MEN CANCELED

Says Deputy Sheriffs Are Under Same Duty as Sheriff

Sheriff Backus went to Lorain this morning to investigate the conduct of some of his steel plant deputies which resulted in their being arrested and fined in Lorain Police court charged with assaulting two Lorain men during the recent picket trouble. He returned and announced that their deputyships had been canceled at once as they had been convicted of a crime.

He also stated that neither himself or his deputies intend to interfere with the rights of any citizen in the county and emphasized the fact that he wished to guard against any overt act on the part of any man who may be deputized for any special duty. The deputies are under the same obligation as himself and are to go strictly by his orders instead of taking matters into their own hands.

No Increase On Price of Sugar

Reports that the price of sugar would advance to 15 cents today were denied by Elyria grocers this afternoon. They said the government controls the cane sugar output and has fixed the price at 11 cents a pound. Grocers cannot sell the product for any price in excess of that price. The government has no control over the beet sugar but the beet crop is not being marketed. One grocer who bought sugar today said he purchased it at the wholesale price he has been paying and was informed there is no present increase contemplated.

BOLSHEVIKIES FLEEING AS KRONSLADT FALLS UNDER BOMBARDMENT

Terrific Bombardment by British Warships Precedes Capture of Russian Strategic Point by Anti-Red Troops.

(By Associated Press)

Washington, Oct. 17.—Report of the capture of Petrograd and Cronstadt by Northwestern Russian forces under Gen. Yudinitch were received at the State Department today from an American Counsellor office in Sweden on the Finn. border. Confirmation of the report had not been received when the dispatch was sent but it was said that they were generally credited in Sweden.

(By Associated Press)

London, Oct. 17.—The march of Gen. Yudinitch at the head of the Northwestern Russian army on the City of Petrograd was still progressing favorably at the latest advises. Some reports of his advances, however, have apparently outrun his actual progress. There appeared for instance, some doubt today whether the Fortress of Kronstadt had capitulated to British naval forces or not. The British admiralty have received no confirmation of this report and the accuracy of the news was questioned in naval circles.

POLICEMAN IS UNDER ARREST AFTER MURDER

(By Associated Press)

Cleveland, Oct. 17.—The wide-open bootlegging of whiskey without any apparent police effort to check the traffic has claimed its first murder victim.

Police Lieutenant, John DeWar, shot Robert Crawford, a friend, in the back as the climax to a night of drinking, killing him instantly.

ADMIT INTOXICATION Police Capt. Sprague admitted today that DeWar was drunk when the fatal shot was fired, and that three other policemen in the party had also been drinking. The policemen had spent the afternoon in one barroom close by the Detroit-W. 24th st. police station, drinking whiskey, and in the evening, joined by Crawford, and journeyed to another bar in W. 58th St. for more whiskey.

Followed a tip in Crawford's automobile and a dispute with DeWar over his continuing in the party. Then out came the police pistol according to Captain Sprague's report, and DeWar sent a bullet crashing through Crawford's body.

CHARGED WITH MURDER

Lieut. DeWar, who is stationed at the Detroit-W. 24th St. station, is in a cell at police headquarters, charged with murder and the three patrolmen Fred C. Alcar, Charles W. Gassler and Joseph T. Clark will be suspended and tried on police charges, declared Capt. Sprague, night officer in charge at headquarters.

Crawford, the victim, is dead at the county morgue. His widow and four-year-old boy joined by Crawford, and crying for "Daddy" in the family home at 1611 W. 25th st. Crawford was twenty-seven years old.

(Continued on Page 11)

Stockholm, Oct. 17.—A terrific bombardment by the British fleet in the Gulf of Finland preceded the capitulation of the great Russian fortress and naval base of Kronstadt, according to advices received here.

An official Russian statement confirms the capture of Gatchina and Krasnaya Gorka on the coast of the Gulf of Finland by Gen. Yudinitch. Gatchina was stormed after a short bombardment, the Bolsheviks fleeing when the northwestern army charged with bayonets.

London, Oct. 17.—Kronstadt, the great fortress standing sentinel at the gate of Petrograd, the former Russian capital, has capitulated to British naval forces, which, after a terrific bombardment, entered the place.

The fall of this bastion of the defenses of Petrograd appears to seal the fate of the city.

Moving steadily forward Gen. Yudinitch, at the head of the northwestern Russian army, is standing victoriously before Petrograd. Yesterday Solo, the former summer residence of Czar Nicholas, has been captured, while Krasnoye Solo, just a little further north, has also fallen.

Soviet troops are reported to be leaving Petrograd, a mutiny among the men having broken out. In any event advices indicate that the Yudinitch forces are encountering feeble resistance.

Bolshevik troops are said to have captured Kiev, but in this region the situation is obscure. It was reported last week that Kiev was in the hands of Gen. Petura's Ukrainian army which advanced against Gen. Denikin's left flank following Petura's declaration of war on the Cossacks.

Activities At Church Of Christ

Sunday School Drive and Social Gathering on Program

The pull and enticement of the world around us tends to make us relax our efforts. It does not seem so tremendously vital when we compare ourselves with others, that we are out and out for Christ. And so we grow careless. First we stop going to Sunday school, then it becomes a little easier to go less frequently to church, and then we don't go at all. And then what? Isn't it true? Isn't that the way you did? Well, we have a better plan. If you are an adult Judge Webber has a fine big class you will enjoy. Mrs. Hovenshine has a big class of young people where you will be in a big, happy, active, progressive "bunch." And they have some live discussions, too. D. A. Baird has a splendid class of fellows. Miss Muddock and her group of high school girls have a splendid class. And so it is all the way down to the cradle roll. Come into some of these fine classes.

The Sunday school is the place for everyone whether young or old in years. We are never too old to learn and the Bible is the one book in the whole world that has never been read. It is the one place where you can learn the things our Master Jesus has to say to us. And what counts is that He wants us to be. Your attitude toward Christ is the key to

M. Williams, will talk to us on "Training in Citizenship."

The young people will welcome you to this service. If you are a stranger they especially invite you to join with them at this hour. Come on, let's go.
